Jeanette welcomes you to the beautiful luxury apartments at Cetacea.

Cetacea is situated on the Merimbula Lake edge. From all the units there is a clear view of the town across the lake. When night falls on the units the view improves, with the lights of the town reflecting a rainbow of colours on the water. These views can be experienced from the unit balconies or from inside through the large front windows. Or if you dare, while you lay in bed in the main bedroom.

The Fishpen Peninsula on which Cetacea is located is a quite North Eastern sunny position. There is only a three/five minute walk to the main beach, children's playground, convenience store, take-away, bike hire and fish tackle shop. The lake's edge gives you the convenience of fishing, prawning, boating and swimming.

We have eight fully self-contained luxury apartments which all have access to a solar heated salt-water pool and poolside barbeque area. There is also off the road parking behind the apartments.

All the apartments kitchens have a full compliment of crockery, cutlery, utensils, dishwasher, full sized fridge, stove and microwave.
